BEEF CATTLE FINISHING SUPPLEMENT

PRODUCT DESCRIPTION:

All-Natural Beef Cattle finishing supplement with Matrix Technology; for further manufacture of livestock feed and supplements.

KEY BENEFITS:

- Positively impacts entire digestive, circulatory and immune systems
- Increases intramuscular fat deposition (marbling), ribeye area, carcass yield, meat color and texture, and meat shelf life
- Enhanced and more consistent appetite
- Improvement in feed efficiency and reduced days on feed
- Reduces effects of environmental stress
- Highly palatable

DIRECTIONS FOR USE:

Add 25 lbs. of Finesse per ton of finishing ration, throughout the Phase 1 feeding period. Increase rate to 50 lbs. per ton throughout the Phase 2 feeding period to deliver 4-8 oz. per head daily throughout the respective periods.

STORAGE RECOMMENDATION:

Store in a cool, dry location.

AVAILABLE SIZES:

50lb bag
