MYCO-PRO

MYCOTOXIN BINDER FOR ANIMAL FEEDS

PRODUCT DESCRIPTION:

A scientifically-proven natural mycotoxin binder and feed ingredient for optimal animal performance. This innovative product has been researched and developed to address the most common toxins present in non-animal raw materials. A mixture of activated binders and fermentation extracts for broad spectrum mycotoxin management.

KEY BENEFITS:

- Improves feed intake and weight gain without limiting vitamins, minerals and drug treatment
- Enhance immunity
- Increase cost-effective diets
- Reduce feed conversion
- Effective in mitigation of all mycotoxins

DIRECTIONS FOR USE:

Dosage:

10g per head daily (no visible mold)

25g per head daily (mold visible)

50g per head daily (mold visible and mycotoxicosis symptoms present)

STORAGE RECOMMENDATION:

Store in a cool, dry place.

AVAILABLE SIZES:

50lb bag (22.7 kg)
