PRODUCT DESCRIPTION:

Premium, all-natural, free-choice complete mineral supplements which enable cattle producers to match their mineral program to specific nutritional needs, forage quality, and seasonal variation. Finesse Premium Cattle Minerals are available in 12:12 (High Phosphorus), 2:1 (Normal Phosphorus), High Mag (10% Magnesium) and Wagyu-Specific formulas.

SPECIAL FEATURES:

- Matrix Vasodilation Technology
- Flow-Pro Toxin Management and Anti-Caking Technology
- High levels of key vitamins and trace minerals
- Over 25% of trace minerals from organics or chelates
- Added B-vitamins
- Highly palatable and consistent
- Formulas also available with Hoof-Pro All-Natural Hoof Health Technology

KEY BENEFITS:

Finesse mineral supplements ensure optimum herd health, immunity, growth and reproductive efficiency.

DIRECTIONS FOR USE:

Feed free-choice in covered mineral feeders to all classes of cattle on pasture. Consumption should be 3 to 4 ounces per head daily. Place feeders near loafing and/or watering areas for optimum intake.

STORAGE RECOMMENDATION:

Store in a cool, dry location.

AVAILABLE SIZES:

50 lb bag
