FOR DOGS, CATS, AND OTHER SMALL MAMMALS

PRODUCT DESCRIPTION:

A source of live, naturally occurring, host-specific microorganisms for small mammals subjected to changing environment, training, working, transporting, hand feeding or post deworming.

KEY BENEFITS:

- Appetite enhancer
- Provides highly effective immune stimulation
- Helps prevent tissue oxidation
- Replenishing supplement

DIRECTIONS FOR USE:

Place paste directly into mouth or on food.

NEWBORNS: ½ cc of Bio-Pro Pet Paste at birth and again on days 4, 7, at weaning, and at any time bacterial replenishment may be needed.

ADULTS: 1cc of Bio-Pro Pet Paste for each 10 lbs. of body weight. Administer for 3 consecutive days as needed.

STORAGE RECOMMENDATION:

Store in a cool, dry location.

AVAILABLE SIZES:

60cc tube
