PROTOCOL[®]

EQUINE

MAXX Plus

*SUPPLEMENTAL SOURCE OF VITAMINS, MINERALS, JOINT PROTECTIVE AGENTS, AND
LIVE (VIABLE) LACTIC BACTERIA FOR ALL HORSES*

PRODUCT DESCRIPTION:

A truly unique supplement for performance horses. The “total approach” to Maxx combines today’s cutting edge nutrition and animal health technologies with time proven feeding strategies. No other horse supplement on the market today addresses more key issues simultaneously in animal health and performance.

KEY BENEFITS:

Maxx, combined with your current ration, addresses more key issues in animal performance than anything available on the market today!

Increases/improves

- Appetite & Intestinal health
- Immune system
- Nutrient absorption
- Performance
- Hair, hide, hooves, and eyes
- Cartilage & joint health

DIRECTIONS FOR USE:

Feed to horses, mixed with their regular ration, at the rate of ½ lb. daily

STORAGE RECOMMENDATION:

Store in a cool, dry place.
