ALL-NATURAL, ONE-OF-A-KIND FEED ADDITIVE

PRODUCT DESCRIPTION:

Matrix represents over 30 years of research and is considered the industry's next generation in feed additives. Matrix is the only product on the market today that addresses the animal's entire digestive and circulatory systems through natural means.

KEY BENEFITS:

Matrix aids in nurturing natural body processes which may help support optimal productivity, immunity and overall health.

In Dairy Cattle

- Increases nutrient bioavailability at the cellular level to help maximize the cow's genetic potential for milk yield, milk composition and production efficiency.

In Beef Cattle

- Increases nutrient bioavailability at the cellular level to help attain the genetic potential for carcass yield, marbling and ribeye area.

In Wildlife

- Increases nutrient bioavailability at the cellular level to help maximize the genetic potential for antler growth, milk yield and production efficiency.

DIRECTIONS FOR USE:

The most beneficial times to use Matrix are:

BABY CALVES: Daily supplementation in the feed ($\frac{1}{2}$ oz. per head daily) combined with the use of Bio-Pro Bovine Paste on the first day of life and again at weaning.

DAIRY COWS: Daily supplementation in the feed (1 to 2 oz. per head daily) during the close-up dry cow period and throughout lactation. Daily supplementation is especially beneficial in high producing cows and during adverse environmental conditions.

BEEF CATTLE: Daily supplementation in the feed ($\frac{1}{2}$ to 1 oz. per head daily) while pre-conditioning cattle for the feedlot and throughout the feeding period. Daily supplementation may be especially beneficial in adverse environmental conditions, in feedlot finishing programs, and in cattle consuming endophyte-infected fescue forage.

DEER FAWNS: Daily supplementation in weaning and growing diets ($\frac{1}{2}$ oz. per head daily) combined with the use of Bio-Pro Fawn Pate on the first day of life and again at weaning.

BUCKS/DOES: Daily supplementation in the feed (1 to 2 oz. per head daily). Feeding 2 oz. is especially beneficial to bucks in velvet and to lactating does.

STORAGE RECOMMENDATION:

Store in a cool, dry place.

AVAILABLE SIZES:

50lb bag

10lb Bucket

“Matrix 10X is our highly concentrated form of Matrix for those operations using micro-machines or simply desiring a more concentrated product.
